Scouts Perform Indian Dances In Palo Duro

A group of Canyon and Amarillo Boy Scouts and a group of Canyon girls will stage Indian dances Saturday and Sunday at the Panhandle Heritage Foundation amphitheater in Palo Duro Canyon.

The Scouts rented the amphitheater. They are not sponsored by the Heritage Foundation.

There will be two afternoon performances and one in the evening each day. Performances will be at 2 o'clock, 5 o'clock and 8 o'clock.

Lighting will be improvised as the lights under which the Heritage Foundation symphonic drama will be performed have not yet been installed.

Scout leaders of the groups staging the dances have pointed out that although the lighting probably will not measure up to that seen at Fandangle, it will be adequate for the occasion.

The Wapalanne dancers of

Canyon's Troop 31 will be joined by the Kachina dancers of Amarillo for the holiday shows. The Scouts also will be assisted by some seven girls from Canyon.

Contest Deadline Is Friday

The Canyon News Independence Day essay contest deadline is 6 o'clock Friday evening.

There is still a chance to win some holiday cash and at the same time give expression to your feelings about living in this wonderful, free country.

The contest is open to youngsters between 10 and 16 years of age.

All entries must be in The News office not later than 6 o'clock Friday evening. All entries must bear the name of the entrant and name, address and phone number of the entrant's parents.

The subject is: "What Independence Day Means To Me."

Cable Fund Needs \$\$\$ Says Wilson

"We can get the Cable family moved into their new home before school starts if we have enough help," stated Bill Wilson, justice of the peace.

Wilson said the money donated earlier is dwindling rapidly, and more money and donated man-hours are needed to get the family moved into the house by the end of the summer.

"Mrs. Cable and her children need a place to stay, and the sooner the house is fixed up the sooner she can be settled," Wilson said.

The large house, donated by several Canyon men, has been moved to its permanent site and two volunteer workers are

(See CABLE, Page 10)

There will be 14 Canyon boys and 15 Amarillo boys participating in 23 Indian dance numbers.

Outstanding among the dances scheduled are the Horse Tail Dance, the Lost Tomahawk Dance and the Apache Devil Dance. Girls participating will be dressed as squaws.

Admission to the dances is 50 cents. This will be in addition to the regular charge at the Palo Duro State Park gate. Tickets will be available at the amphitheater.

Profit will be used to send the Scouts to Gallup for Indian ceremonial dances.

This is the second in a series of experiments which the board of directors of Texas Panhandle Heritage Foundation has authorized for the amphitheater this summer.

The first was a production of Fandangle which proved the spectacular beauty of the canyon theater at night under very good lighting.

Foundation officials have pointed out that these effects cannot be duplicated in the amphitheater for some time as they were possible through rented lighting which would cost about \$50,000 on today's market.

Meredith Warren is Scoutmaster for Troop 31. He is assisted by George Hughes and the dance coach is John Brandon. Scoutmaster and coach for the Kachinas is Jerry Spencer of Amarillo.

Tower Heads Jubilee Parade

Senator John Tower will be principal speaker for the 75th anniversary celebration here Aug. 1.

The junior senator from Texas has accepted an invitation to speak here and to ride a horse at the head of the Diamond Jubilee parade.

Tower will speak at 2 o'clock in the afternoon and then ride

These Boy Scouts are shown here rehearsing for the Indian dances they will stage at the Texas Panhandle Heritage Foundation amphitheater this weekend. The performers will include 29 Boy Scouts and seven Canyon girls.

Plans Underway For Nearby Med Center

Plans for a vast medical center within 15 minutes drive of Canyon unfolded Monday night at a meeting held in the new cafeteria at West Texas State University.

Amarillo banker, Virgil Patterson, set sights on an immediate goal of \$5,000,000 to get the project going.

In the next 25 years the complex is scheduled to represent a capital investment of at least

\$60,000,000.

It will include centers of specialized treatment as well as research. Patterson pointed out that doctors and scientists working at the center will be able to use the Killgore Research Foundation now taking shape on the West Texas State campus.

Emmett Johnson, to be administrator of the Baptist High Plains Hospital which is among the first of the facilities to be constructed, said some 4,000 people will be employed at the center. He said this will represent a payroll of about \$25,000,000 annually.

Johnson outlined building plans. First to be constructed, he said, will be a 200-bed general hospital to be known as High Plains Baptist Hospital. It can be expanded into a 400-bed facility. Plans call for completion in 1967.

The first portion of the hospital will cost about \$5,000,000. No tax money will be used in its construction.

Next comes construction of a children's psychiatric hospital. It will have 25 beds and will be constructed at a cost of \$600,000. Matching federal funds will be sought.

The third facility will be a 100-bed adult psychiatric hospital. It will be erected at a cost of about \$1,800,000.

Johnson said the general hospital will barely meet the needs by the time it is completed. A seventy percent growth in the population of Amarillo is contemplated by 1970.

Patterson explained the reason for going into the area to raise funds for construction of these facilities.

"The answer is very simple," he said, "Thirty percent of the patients in our present hospitals come from outside areas."

He noted that last year more than 400 patients from Randall County, outside Amarillo, spent 2600 patient days in Amarillo hospitals.

Patterson appealed eloquently for the people of this area to strive diligently to meet their needs in this field.

"Raising \$5,000,000, even over a five-year pledge period, is certainly a challenging undertaking," he said.

He then noted that the goal almost has been half reached already. He said the Killgore Foundation has given \$1,000,000, ten businesses and individuals another \$1,000,000, and the Moody Foundation of Galveston \$250,000.

Former Amarillo mayor, Joe Jenkins, said that although the hospital will be operated by the Baptist General Convention of Texas, it is not a Baptist under-

taking. The convention has merely agreed to take over the running of the hospital, he said.

"We are not giving a hospital to the Baptist Church," said Mayor F. V. Wallace, "we are giving a hospital to ourselves." He said the facility will provide specialized care for the entire area.

Amarillo Area Foundation is in charge of fund raising.

Plans were outlined at a dinner meeting sponsored by several Canyon people.

In charge of fund-raising in Randall County are Chairman Jerry LaGrone and Vice-Chairmen T. A. Black, Levi Cole, Bernard Warren and Mrs. Clyde Warwick.

In charge of the arrangements committee was Mrs. Shirley White.

Dr. James P. Cornette gave the invocation and Rev. Strauss Atkinson, pastor of First Baptist Church, pronounced the benediction.

Canyon school board Tuesday night voted to call a \$600,000 bond issue for construction of a new elementary school in the north part of the school district.

The bond election will be held Sept. 26.

Proposals call for construction of the new building on a site just north of Hollywood Road, east of the E-Way between Bell and Western.

Canyon School District already owns the building site. Financing the bond issue will call for a raise in the tax rate from \$1.85 to \$1.95—a raise of about 5 percent.

Preliminaries for the bond election will be handled by Columbia Securities, represented by Bob Davis of Austin. Davis attended the Tuesday night meeting.

The board interviewed almost a dozen architects after deciding on the bond election.

Members of the board voted unanimously to call the bond election after almost a month of studying a report by a citizens' committee headed by Dr. W. J. Wooten.

The committee told the board that need for a new elementary school will be critical by the time it can be built.

Canyon School occupied a new elementary school only last fall. The committee predicted that elementary school facilities here will be filled to capacity next September.

"With normal increased enrollment, the Canyon Independent School District will need additional facilities for 223 students of elementary school age as of Sept. 1, 1965," the report said.

Present elementary school facilities are designed to accommodate 1100 students. The committee report predicts an elementary school enrollment of at least 1,323 by the beginning of school in 1965.

The report noted that the most rapid increase in student population is in the north part of the district. Some 275 elementary

\$600,000 Needed For New Building

age students are now being transported by bus to Canyon from the north part of the district.

"Therefore," said the report, "it is practical to recommend the construction of a new elementary school in the north part of our school district. Minimum facilities for 18 classrooms should be constructed."

In September of 1961, the school was transporting 197 elementary age students from the north part of the school district and now will be transporting 275.

The committee predicted that if present rate of growth continues in that area, the new facility will be adequate for three or four years. However, with the new school in the area, the growth rate is expected to increase.

Present junior high school facilities probably will be adequate until 1969, said the report.

"Additional senior high school facilities will be needed by

Canyon Lads Win Jaycee Tennis Meet

Bill Long, son of Mrs. Clara Long of Canyon, and his tennis teammate, Jerry Simmons, have won an expense paid trip to the State Jaycee Tennis Tournament in Abilene, July 9-11.

The doubles team took first place in the Amarillo Jaycee Tennis Tourney at Memorial Park last Saturday to win the trip.

Another Canyon youth, David Pittard, son of the Bob Pittards, was eliminated in the singles competition. Simmons won the state trip in the singles division.

In the doubles competition, Pittard teamed with Tommie Hildreth, a former Canyon boy, and won through the semi-finals losing the last game to Long and Simmons.

Trustees Hire Cage Coach, Band Director

Canyon school board hired a new band director and a new high school basketball coach at Big Spring in Class AAAA. Canyon moves up to AAA this year.

Zook received a BS and Masters Degree from McMurry college. He was band instructor a year at Albany and then moved to Olney where he was band director six years. The Olney band was a sweepstakes outfit during the 1960-61 and 1962-63 school years.

His charges took five consecutive first division ratings in marching and four consecutive first division ratings in sight reading during his tenure at Olney.

Kieval has been at Pampa four years coaching the Harvester B team and at Pampa junior high school.

His past three years have been at Pampa High School where he was B team coach and assistant to the high school basketball coach.

He attended Kilgore Junior College and then received a BS Degree from Midwestern University where he played varsity basketball.

Kieval also did a stint as a professional with the Washington Generals.

The board also hired several

other teachers at the Tuesday night session.

Edward Ray of Littlefield was hired to teach mathematics and science in either junior high school or high school. Mrs. Mary Byrd Peacock was employed to teach speech and drama in junior and senior high school.

Mrs. Ada Crager was employed to teach mathematics. Mrs. Susie Madsen was hired to teach in elementary school and Mrs. Patricia Hall and Mrs. Phyllis Albers also were employed to teach in elementary school.

Businesses Close July 4

City offices will be closed all day Friday.

US Commissioner of Education Francis H. Keppel spoke to the National Education Association Monday.

He told his listeners that one of the things that should be done is "lower the age limit at which public schools assume responsibility for children and begin work with 3 and 4-year-olds."

When the people planners finally seize complete control of our local school systems they don't want young minds to be "warped" by having been exposed to too much influence in the home.

What manner of ideas might be instilled into tender minds by the time a child is 6 years old?

Shades of 1984 and a curtsy to the Supreme Court, some little fellow might even be taught to pray by the time there's six candles on his birthday cake.

We oppose Keppel's suggestion for reasons of principle. We're still old-fashioned enough to believe that parents are responsible for molding the character of children.

We are told that children up to 6 years of age are in their most formative years. It's a time when mother love is most important and no matter how dedicated a teacher might be she does not have the time to give that mother love in the quantity necessary for a toddler.

Keppel's suggestion was asinine from an economic standpoint.

At a time when school districts all over the country are struggling just to keep abreast with the educating school-age children, Keppel suggests that we turn the nation's school systems into vast day nurseries.

We once heard a talk by an old newspaperman who was a correspondent in Russia in the 1920's. The Soviet Union tried putting children in government nurseries.

It didn't work. The children were abandoned. He said that he was attacked one night and his clothes ripped from his body by a band of these "wolf children."

Finally in desperation, the regime had many of these children liquidated.

Never has there been such a massive effort to stop a candidate as the effort now being waged against Barry Goldwater.

Life Magazine features the William Scranton family on its cover this week and the devotees page after page to laudatory prose and pictures.

Henry Sabot Dodge has returned home from Vietnam to try to throw a monkey wrench into the Goldwater machinery. He says it would be bad for US officers to take command in Vietnam and try to win there. It might make somebody mad at us.

It's all right for our officers to get their guts ripped out with Viet Cong bayonets. The enemy doesn't get sore about that and Henry can maintain his image at home as a "reasonable" Republican.

Henry says he is against debate in Congress on the Vietnam war. Apparently Henry thinks it would be better if the American people, who are giving their sons and providing the money for the Vietnam fiasco not to know what is going on.

Whether you are a liberal or a conservative, you deserve a choice when you go to the polls to elect a President. There has been little choice in the life time of many of us.

**Street Repairs
Made Last Week**

Charles Donnell has left the helm of the Canyon Chamber of Commerce. We were sorry to see him go. Charles was a sparkplug on the board and was getting things done, especially in the field of attracting tourists.

Charles spent untold hours painting signs advertising Canyon. Charles Donnell deserves the gratitude of the people of Canyon for community service he has rendered.

Canyon's city streets should have fewer bumps now, according to city manager Dewey Bryant.

Street repair, finished last week, cost Canyon \$57.54. "Nine and three-quarters of asphaltic concrete was used to patch the holes and cracks in the streets all over town," Bryant said.

**Canyon Baseball Goes
Into The Final Round**

Canyon goes into the final round of American Legion baseball Sunday, July 5, in a double-header at Perryton.

The first game starts at 2:30 p.m.

Monday the team travels to Plainview for the Plainview Thunderbird Invitational Tournament. Other game action was the scheduled Canyon-Borger clash at Borger last night, Wednesday.

Canyon's one tally came from a home run hit by Steve Burgess. The team had 7 errors. Pampa had 10 hits, 1 error.

Borger defeated Canyon 5-2 Sunday. Canyon pitcher was Gary Culp, who allowed 9 hits; Lewis was the Borger pitcher, giving up 5 hits. Canyon totaled 6 errors to Borger's 3.

Canyon's hits came from Neil Thrasher, Evans, Lair, Marion Hicks and Kenneth Friemel.

DeWayne Dallas of Dallas was in Canyon Monday seeking names on a petition to put him on the ballot as an independent candidate for US Senator in the general election in November.

**Haddock
Visiting In
Canyon**

Captain Raymond Haddock is visiting in Canyon this week with friends and relatives including his father, C.W. Haddock.

A graduate of Canyon High School, Capt. Haddock is a recent graduate of the Armor Officers Career Course at Fort Knox, Kentucky.

Following his leave, Capt. Haddock will be stationed at Ft. Sill, Oklahoma.

C. G. Pond, Jr. and Jerry Pat have returned from a weekend vacation at Raton, New Mexico.

DEWAYNE DALLAS

He needs 15,692 names on the petition in order to have his name placed on the ballot.

The Texas election law forbade him to begin circulation of petitions before the June 6 second primary. Persons who voted in either the Democratic or Republican primary are not eligible to sign the petition.

Dallas said the law requires that the specified number of names be obtained by July 5 in order to get him a place on the ballot.

Dallas said he is visiting in county seat towns over the state seeking signers. This is the final week of his campaign.

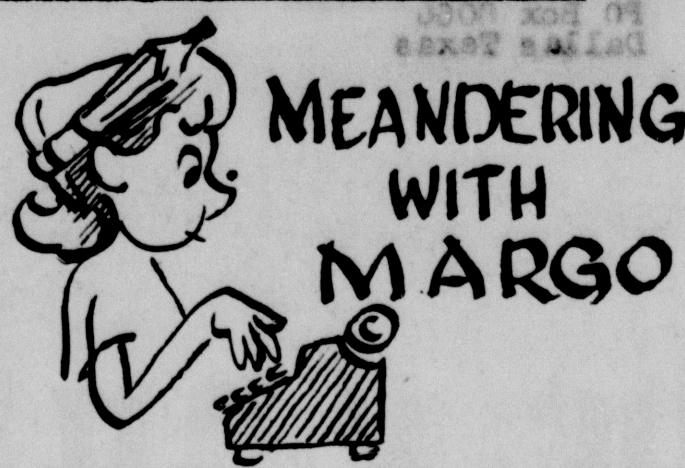

**deSchweinitz
New Skippers**

George and Elizabeth deSchweinitz were named skippers for the Schooner Ship at a social meeting Tuesday evening in the Charles Nester home.

Other ship leaders elected were Charles and Chloe Wright as first mates; Murrell and Lurine Jones as log keepers; and Arch and Willie Hunsley as pursers.

The next regular meeting will be held in September as a social get-acquainted affair hosted by the officers according to Mrs. deSchweinitz.

Mr. and Mrs. Brady Nix of Crain, Texas visited this week with their daughter, Mrs. Lee Boyd Montgomery, and family.

If the Lions Club Carnival was not a success, I will have to shoulder part of the blame.

However, after several rides on the dunking board last Wednesday night, I am convinced the entire town was at that oversized bucket, chucking baseballs at me.

The evening was fun, aside from being more than slightly wet, and the girls on the dunking board certainly enjoyed it.

I found out one thing: I now know who the best shots in town are. They had to prove themselves last week, and people like W. J. Wooten, Art Roberts and Bud Parker are highly under-rated. If they say they can hit a target 20 feet away, take their word for it. I didn't, and I was royally dunked for my disbelief.

I had quite an eye-opener last weekend while on a trip to Connecticut. I had been told about "Easterners", and how distant they are when meeting people.

Perhaps it was the bumbuzzled way I approached things and they took pity on such a misled orphan. Or maybe I looked so pathetic, and once I opened my mouth they realized I was really lost (with that Texas drawl). Anyway, whatever the cause, the people in the New England states were extremely nice to this Texas gal.

When you first meet them, they are rather distant. They are not in the habit of speaking to everyone on the street.

But if you take the time and stop to talk to them they really take an interest in you and your problems; and this weekend I seemed to gravitate to problems.

The car broke down for several hours which meant the first half day in Connecticut was spent in a car garage. The small foreign car we were driving had lost a clutch, and they couldn't fix it for a while.

The people at this particular business were extremely matter-of-fact concerning the problem.

**15 Receive
Certificates**

Medical Self-Help certificates were presented to 15 persons Tuesday evening following an examination of information covered during the nine weeks of programs.

Sponsored by the Randall County Home Demonstration Council, the course was co-ordinated by Dr. Robert P. Jarrett with numerous individuals presenting programs and demonstrations on emergency medical care.

Certificates were awarded to Mr. and Mrs. Lewis Tucek and

Mesdames D. L. Allison, John Brazzil, Buford Sparks, Charles Conatser, Ralph Huntington, R. W. Thompson, Ray Metcalf, Bob Wilkinson, Melvin Schaeffer, O. O. Henry, Cristler Crain, D. K. McGehee, and David Pulley.

CAPT. ROBERT E. O'DONALD

O'Donald Assigned To School

Army Capt. Robert E. O'Donald, son of Mr. E. E. O'Donald of Canyon, was assigned to the U. S. Army Transportation School on June 17.

Captain O'Donald, who completed the nine-month Transportation Officer Career Course in May, is the chief of the multi-engine branch of the School's Fixed Wing Division.

A 1950 graduate of Canyon High School, he attended West Texas State University for two years before entering the Army in 1954.

He and his wife Anita, live at 69 Rexford Dr., Newport News, Va.

Half-Credit Courses Are Offered Here

Half-credit courses are being offered by the Canyon High School homemaking department according to Mrs. Clara B. Long, instructor.

A variety of subject fields are open including child care, clothing, foods, care of the sick, money management, family relations and personal development.

The summer study course is an extension of last year's classroom study and is sponsored annually by the department according to Mrs. Long. Approximately 25 students have registered for the half-credit projects thus far.

Other summer activities for the department include tours to the House of Weddings, Southwestern Public Service and a swimming party with all mothers of the students invited to attend.

Attendance Up At Park

Palo Duro Park attendance this weekend was just under 1,000 cars, according to Jerry Tschauner, Regional Park Ranger.

"This means approximately 5,000 people were in the park over the weekend," Tschauner said. "From what I can tell by looking at past records, attendance and camping are a little bit on the increase."

The budget for Palo Duro Park has just recently been submitted to Austin for approval, according to Tschauner. "Approval and our money allotment will be decided on the early part of next summer."

"Work on park improvements will begin sometime after next summer."

"August 31st is the end of the fiscal year for state parks; Palo Duro is still on the 1964-65 biennium, so we are now working on the 1966-67 budget."

No fireworks are permitted in state parks, according to Tschauner.

"July 4th visitors and campers must follow these park regulations; no fireworks allowed, observe the 30 mph speed limit, and no intoxicating beverages at all can be taken into the park."

O'Donald In Marine Corps

Marine Private First Class James T. O'Donald, son of Mr. and Mrs. Cecil W. O'Donald of Canyon, is a member of Marine Attack Squadron 225, Second Marine Aircraft Wing, Marine Corps Air Station, Cherry Point, N. C.

If you play to win, you need everything going for you. Like winning the big profit on this year's crop is going to depend on your young plants having the nitrogen they need to deliver their maximum yield. A side dress of Shamrock's Nitromite is a smart way to guarantee that nitrogen. It's 82.2% nitrogen in the form that's ready to go to work. It costs such a small part of the extra yield and extra profit you just can't afford not to use it. Call us or come by today... time is running out.

Lollipops or kilowatt-hours of electricity... you get more for your money when you buy in quantity. Today, you use about four times as much electricity in your home as you did 25 years ago. So, understandably, your electric bill is higher.

But, the unit cost of electricity has gone down! Truly, your electric service is the biggest bargain in your family budget.

HOUSEFULL of cooks at the Orville Hicks home include Mrs. Hicks, seated, with Mindy on her lap. Melissa, left, and Nancy, behind, compose the kitchen cooks at the Hicks home.

Hawaiian Rice Recipe Hicks' Family Favorite

Mrs. Orville Hicks, first grade teacher and mother of four, took time this week to share her family's favorite Hawaiian Rice recipe with our readers.

A farm and ranch girl, Mrs. Hicks was raised near Hale Center. Her mother, Mrs. Jeff Ivey, was named "Mother of the Year for 1964" at Hale Center. Following high school graduation, the former Miss Janelle Ivey attended Wayland Baptist College in Plainview, took some summer courses at West Texas State University, and received her degree from Howard Payne College in Brownwood.

"I didn't plan to be a first grade teacher, but since I've taught the first grade for several years I don't think that I would be satisfied with any other class," comments Mrs. Hicks. "I would like to take all 12 hours of the hobbie and craft course at WT," related Mrs. Hicks. An active homemaker, Mrs. Hicks likes to read, knit, sew, and enjoys cooking for her family.

"I'm a shortcut cook because I work," said Mrs. Hicks. "We use mixes quite often although I used to do a lot of baking and freezing when I had more time and freezer storage."

The Hicks' country home is located northwest of the city limits of Canyon on the Hereford Highway where he operates a horse training stable. Mr. Hicks is well-known in his profession, having received numerous trophies and prizes with his horses.

Hicks, who was also raised at Hale Center, is a member of the Canyon Police Force at night and spends afternoons working with the Cardinals summer baseball program. "Orville plays softball with the men's team and coaches the Cardinals which Stan, our son, plays on," said Mrs. Hicks. Stan, the Hicks' only son, will be a sophomore at Canyon High School this fall. He is second baseman with the Cardinals and plans to play with the football team at CHS.

The Hicks' three daughters are "helper cooks" in the kitchen with Nancy, 17, as the current president of the Texas Future Homemakers of America. Nancy will be a senior at Canyon High School this fall. During the summer she will attend the National FHA convention in Chicago this month and plans to attend numerous conferences and workshops throughout the summer in Texas.

Melissa is a seventh grade student at Canyon Junior High. She will serve as cheerleader this fall and enjoys reading as one of her favorite hobbies along with playing the piano. Both Nancy and Melissa have taken piano lessons from Mrs. Herschell Coffee for the past three years. Their younger sister, Mindy, plays the piano by ear and wants to learn "like the big girls."
